MA. HOLT, A's I underfrand it is a matter now in Difpute, and under Confideration, whether of not the late Law for the lufpeetion of Flax, shall be revived again ; I find you herewith, a Copy of the account rendered by the Inipector of Flax, to some of the Members of the Houourable General Affembly of his Proceedings in that Office, for near two Years past, during the Continuance of the Act; and defire you will pub-

lift it in your next Paper As the public Good ought ever to take Place before private Intereft, the Inquiry will not be how the Law may aff & private Persons, but how it affects the Country in

general. I am informed by a Gentleman Farmer in this Province, who raifes near 2000 Pounds Weight of Flax yearly, that he has received 3d. per Pound more for his Flax, ever fince the Inspection Law took Place than be did before ; and that he is well affured it does not con him one Penny per Pound more, (including large Allowance for all Wallage) to make it he for Inspection, then it did to
